FIRE PREVENTION AND PROTECTION

STEPHENS CITY CODE
ARTICLE I. IN GENERAL

Sec. 6-1. Obedience to orders at scene of fire; arrest of offenders; interfering with firemen

(a) Every person present at the scene of a fire shall be subject and obedient to the orders of firemen and police officers in any matter relating to extinguishing the fire, removal and protection of persons and property endangered by fire, smoke or water, freedom of fire department and medical personnel and apparatus to perform their duties or to function properly, and the maintenance of order at or near the scene of the fire, and it shall be unlawful for any person to disobey any lawful order of a fireman or police officer. Firemen and police officers shall have the authority to arrest persons who disobey such orders and to hold them in custody until the fire has been extinguished, at which time the violators shall be dealt with according to law.

(b) Any person who violates subsection (a) shall be fined not more than \$100.00.
(Code 1975, Sec 5-1)

Sec. 6-2. Bonfires and outdoor rubbish fires, etc. – Generally

(a) No person shall kindle or maintain any bonfire or outdoor rubbish fire or authorize any such fire to be kindled or maintained without proper authorization of the Town Fire Marshall. The Town Fire Marshall may issue a general authorization subject to such restrictions as he may deem necessary for the protection of persons and property, or he may require special permits for such purposes. During construction or demolition of buildings or structures no waste materials or rubbish shall be disposed of by burning on the premises or in the immediate vicinity without having obtained a permit or other proper authorization, and the burn is conducted with the conditions as set forth in Virginia Code Section 10.1-1142.

(b) No person shall kindle or maintain any bonfire or rubbish fire or authorize any such fire to be kindled or maintained on any private land unless:

(1) The location is not less than 50 feet from any structure and adequate provision is made to prevent fire from spreading to within 50 feet of any structure; or

(2) The fire is contained in a waste burner of a type approved by the Town Fire Marshall and is located safely not less than 15 feet from any structure.

(c) Bonfires and rubbish fires shall be constantly attended by a competent person until they are extinguished. This person shall have a garden hose connected to the water supply, or other fire extinguishing equipment readily available for use.

(d) The Town Fire Marshall may prohibit any or all bonfires and outdoor rubbish fires when atmospheric conditions or local circumstances make such fires hazardous.

Sec. 6-6. Storage or display in roof-over malls.

No combustible goods, merchandise, or decorations shall be displayed or stored in a roof-over mall unless approved by the chief of the fire department.

(Code 1975, §5-6)

Sec. 6-7. Open flames, lights or kindling of fire restricted.

(a) No person shall take an open flame or light into any building, barn, boat or any other place where highly flammable, combustible or explosive material is kept, unless such light or flame shall be well secured in a glass globe, wire mesh cage or similar device of a type approved by the chief of the fire department.

(b) No heating or lighting apparatus or equipment capable of igniting flammable material of the type stored or handled shall be used in the storage area of any warehouse storing rags, excelsior, hair or other highly flammable or combustible material; nor in the work area of any shop or factory used for the manufacture, repair or renovating of mattresses or bedding; nor in the work areas of any establishment used for the upholstering of furniture.

(c) No person shall kindle a fire upon the land of another without permission of the owner thereof or his agent.

(Code 1975, §5-7)

Sec. 6-8. Maintenance of chimneys, vents, heat-producing appliances and exhaust systems.

(a) Chimneys, flues or similar devices for conveying products of combustion or hot gases to the exterior of the building shall be maintained in such a manner as not to create a hazardous condition.

(1) Existing masonry chimneys which upon inspection are found to be without flue liner and with open mortar joints which will permit smoke or gases to be discharged into the building, or which are cracked as to be dangerous, shall be made safe by means of fire clay liner, firebrick, a corrosion resistant metal pipe and otherwise repaired if

FIRE PREVENTION AND PROTECTION

necessary, or the chimney shall be removed. Metal pipe liners shall be one inch less in diameter than the least dimension of the flue, and the entire space between the metal liner and the walls of the chimney shall be filled with cement mortar.

- (2) Existing chimneys and vents of metal which are corroded or improperly supported shall be replaced, unless suitable repairs are made.
- (3) Existing chimney and vent connectors of metal which are corroded or improperly supported shall be replaced.

(b) All heat-producing appliances, including boilers, furnaces, incinerators, ovens, and restaurant type cooking appliances shall be installed and maintained in an approved manner.

(c) Exhaust systems provided for restaurant cooking equipment shall be maintained in such a manner as not to create a hazardous condition, and shall be inspected or tested as follows:

- (1) Hoods, grease removal devices, fans, ducts and other devices shall be inspected periodically and cleaned as needed to remove grease and deposits of residues.
- (2) Fire extinguishing systems shall be inspected periodically and checked for proper operation. These inspections shall include a check that the supply of extinguishing agent in the system is adequate, and all actuation components are operating satisfactorily. Fusible links, if employed, shall be replaced or properly cleaned. Instructions for manually operating the system shall be posted conspicuously in the kitchen and employees checked for their knowledge of procedures.
- (3) Any fire dampers shall be tested periodically to insure proper functioning of all parts.

(d) Commercial, industrial and flue-fed incinerators shall be provided with approved spark arrestors or other effective means for arresting sparks and fly ash.

(Code 1975, §5-8)

Sec. 6-9. Handling readily combustible materials.

No person making, using, storing or having in charge, or under his control any shavings, excelsior, rubbish, sacks, bags, litter, hay, straw, or combustible waste materials shall fail or neglect at the close of each day to cause all such material which is not compactly baled and stacked in an orderly manner to be removed from the building or stored in suitable vaults or in metal or metal lined, covered, receptacles or bins. The chief of the fire department shall require suitable baling presses to be installed in stores, apartment buildings, factories and similar places where accumulations of paper and waste materials are not removed at least every second day.

(Code 1975, §5-9)

Sec. 6-10. Storage of readily combustible materials.

(a) No person shall store in any building or upon any premises in excess of 2,500 cubic feet gross volume of combustible empty packing cases, boxes, barrels or similar containers, or rubber tires, or baled cotton, rubber or cork, or other similarly combustible material without a permit.

STEPHENS CITY CODE

(b) Storage in buildings shall be orderly, shall not be within two feet of the ceiling, shall be separated from heaters or heating devices by distance or shielding so that ignition cannot occur, and not so located as to endanger exit from the building. Storage in the open shall not be more than 20 feet in height, shall be so located, with respect to adjacent buildings, as not to constitute a hazard, and shall be compact and orderly.
(Code 1975, §5-10)

Sec. 6-11. Flammable decorative materials in buildings of mercantile and institutional occupancy.

Highly flammable materials such as cotton batting, straw, dry vines, leaves, trees, artificial flowers or shrubbery and foam plastic materials shall not be used for decorative purposes in show windows or other parts of mercantile and institutional occupancies unless first rendered flameproof. Electric light bulbs in mercantile and institutional occupancies shall not be decorated with paper or other combustible materials unless such materials shall first have been rendered flameproof.
(Code 1975, §5-11)

Sec. 6-12. Accumulations of waste materials.

Roofs, courts, yards, vacant lots and open spaces shall be kept free and clear of deposits or accumulations of waste paper, hay, grass, straw, weeds, litter or combustible waste or rubbish of any kind. All weeds, grass, vines or other growth, when same endangers property, or is liable to be fired, shall be cut down and removed by the owner or occupant of the property.
(Code 1975, §5-12)

Sec. 6-13. Hot ashes and other dangerous materials.

No person shall deposit hot ashes or cinders, or smouldering coals, or greasy or oily substances liable to spontaneous ignition, into any combustible receptacle, or place the same within ten feet of any combustible materials, except in metal or other noncombustible receptacles. Such receptacles, unless resting on a noncombustible floor or on the ground outside the building, shall be placed on noncombustible stands, and in every case shall be kept at least two feet away from any combustible wall or partition or exterior window opening.
(Code 1975, §5-13)

Sec. 6-14. Use of torches for removing paint and sweating pipe joints.

(a) Any person using a torch or other flame-producing device for removing paint from any building or structure shall provide one fire extinguisher of a type approved by the Town Fire Marshall or water hose connected to a water supply in the area where such burning is done. In all cases, a fire watcher shall remain on the premises for one hour after the torch or flame-producing device has been used.

FIRE PREVENTION AND PROTECTION

(b) Any person using a torch or other flame-producing device for sweating pipe joints in any building or structure shall have available in the immediate vicinity where the sweating is done one fire extinguisher of a type so approved or water hose connected to a water supply. Combustible material in the close proximity of flame shall be protected against ignition by shielding, wetting or other approved means. In all cases, a fire watcher shall remain in the vicinity of the sweating operation for one-half hour after the torch or flame-producing device has been used.

(Code 1975 §5-14)

Sec. 6-15. Smoking prohibited under certain conditions.

(a) Smoking shall mean and include the carrying of lighted pipe, cigar, cigarette, tobacco or other smokable substance in any form.

(b) Where conditions are such as to make smoking a fire hazard in any areas of warehouses, stores, industrial plants, institutions, places of assembly, and in open spaces where combustible materials are stored or handled, the Town Fire Marshall is empowered and authorized to order the owner or occupant, in writing, to post No Smoking signs in each building, structure, room or place in which smoking shall be prohibited. The Town Fire Marshall shall designate specific safe locations, if necessary, in any building, structure or place in which smoking may be permitted. Smoking is prohibited in workrooms of food-producing establishments.

(c) No Smoking signs of approved sized lettering and location required in accordance with subsection (b) of this section shall read “by order of the Town Fire Marshall”.

(d) It shall be unlawful for any person to remove any legally required “No Smoking” sign or to smoke in any place where such signs are posted. (*Revised 02/07/2023*)

ARTICLE III. FIRE PREVENTION CODE

Sec. 6-61. Adopted: purpose; where filed; applicability; short title.

The Town hereby adopts the Virginia Statewide Fire Prevention Code which is hereby adopted and incorporated in this Chapter by reference and made applicable to the Town. Such provisions and requirements are hereby adopted, *mutatis mutandis*, and made a part of this Chapter as fully as thought it was set forth at length here. It shall be unlawful for any person within the Town to violate any provision of this Fire Prevention Code. All future amendments to the Statewide Fire Prevention Code are incorporated herein in a like manner at the time the Statewide Fire Prevention Code is updated or changed. The specific intent of this Ordinance is to incorporate future amendments of the Statewide Fire Prevention Code into this Ordinance at the time they become effective statewide.

A copy of the Statewide Fire Prevention Code is now and shall remain on file in the office of the Town Clerk and shall be available to the Public for inspection and use during all regular business hours. (Ord. 6/3/2004)

Sec. 6-62. Definitions

(a) Wherever in the fire prevention code or elsewhere in this chapter the term “chief of the fire department” or “fire chief” appears it shall be construed to mean the chief of the fire department of this town, or such other person who may be exercising any of the powers and performing any of the duties of the chief of the fire department pursuant to an agreement entered into under the provisions of Section 6-16, or both such persons, as the case may be. In a similar fashion, wherever in the Town’s fire prevention code in this chapter the term “Town Fire Marshall” appears, this refers to the Town Fire Marshall.

(b) Wherever in the fire prevention code the word “municipality” appears it shall be construed to mean the Town of Stephens City and the unincorporated area surrounding the town which is within one mile of the town limits. (*Revised 02/07/2023*)

STEPHENS CITY CODE

Sec. 6-63. Permits, inspections and fees.

(a) The Town council may establish and from time to time amend a schedule of fees to be paid for permits, certificates and inspection required by the fire prevention code. Any schedule so established shall be maintained on file in the office of the town clerk and a true copy thereof shall also be maintained on file in the offices of the chief of the fire department and the town treasurer. When any such schedule has been so adopted the fees therein provided shall be payable to the town treasurer prior to the issuance of the applicable permits and certificates or making the applicable inspections.

(b) Permits issued pursuant to the fire prevention code shall be valid for the period of time stated in each such permit, but not for more than one year; provided, that in any case in which an annual town license is required in addition to such permit hereunder, the permit may be written so as to be valid for an indefinite period.

(c) Before new business licenses are issued to businesses open to the public, they must have an inspection scheduled before a Town business license is issued. Existing businesses open to the public are subject to routine inspections. *(Revised 02/07/2023)*

Sec. 6-64. Modifications.

The Chief of the fire department or the Town Fire Marshall shall have power to modify any of the provisions of the fire prevention code as provided for within the current version of the fire prevention code upon application in writing by the owner or lessee of any property affected thereby, or his duly authorized agent, when there are practical difficulties in the way of carrying out the strict letter of the code; provided that the spirit of the code shall be observed, public safety secured, and substantial justice done. Where the fire code does not specifically identify who has the authority for the modification, such modification may be made by the Town Fire Marshall. The particulars of such modification when granted or allowed and the decision of the Chief of the fire department or Town Fire Marshall thereon shall be entered upon the records of the department and a signed copy shall be furnished the applicant. *(Revised 02/07/2023)*

Sec. 6-65. Appeals.

Whenever the Town Fire Marshall shall disapprove an application or refuse to grant a permit applied for, or when it is claimed that the provisions of the fire prevention code do not apply or that the true intent and meaning of the code have been misconstrued or wrongly interpreted, the applicant may appeal from the decision of the Town Fire Marshall to the local board of appeals as provided in the fire prevention code. *(Revised 02/07/2023)*

State law reference – §15.2-922.1, Appeals from decisions of local enforcing agencies, Code of Virginia, §27-98.

FIRE PREVENTION AND PROTECTION

Sec. 6-66. Conflicts.

In any instance where in a provision of the fire prevention code is in conflict or incompatible with an applicable provision of federal or state law, the more stringent provision shall prevail, unless otherwise provided by such federal or state law.
(Code 1975, §5-31)

Sec. 6-67. Violations and penalties.

(a) Any person who shall violate any of the provisions of the fire prevention code or fail to comply therewith, or who shall violate or fail to comply with any order made thereunder, or who shall build in violation of any detailed statement of specifications or plans submitted and approved thereunder, or any certificate or permit issued thereunder, and from which no appeal has been taken, or who shall fail to comply with such an order as affirmed or modified by the town council or by court of competent jurisdiction within the time fixed therein shall be guilty of a class 1 misdemeanor. The imposition of one penalty for any violation shall not excuse the violation or permit it to continue; and all such persons shall be required to correct or remedy such violations or defects within a reasonable time; and when not otherwise specified, each ten days that prohibited conditions are maintained shall constitute a separate offense.

(b) The application of the above penalty shall not be held to prevent the enforced removal of prohibited conditions.
